

Bank Wallet Requirements:

- There is a total of 10 members in the family including 2 parents: Dad and Mom.
- Parent-Specific requirements:
 - The 2 parents have a bank account (each or joint) from which they can transfer money to the bank wallet.
 - The parents can view all transactions, get details of items bought, and check amount of money (time stamp?).
 - The parents are notified if available balance in wallet is < \$100.
 - Dad can block any family member from accessing the wallet.
- Children-Specific requirements:
 - Children can spend up to \$50 per day
 - Children can make a request to spend more than \$50 only to Mom.
 - Mom can accept or reject or forward the request to Dad
 - Children will ask for access two times a day irrespective of amount.
 - Children can request a Parent to deposit money into the wallet if there isn't enough money to withdraw for their purposes.
